About us

- Axiom Interiors is a fully-owned subsidiary of Axiom Estates Advisory Services Pvt. Ltd, the world's largest provider of India property services. Today, Axiom Estates is an organized multinational corporate with a network of offices and franchisees across major international and Indian cities. It offers every possible property related service for all home buyers and investors' requirements.
- Axiom Interiors services and facilities are thus in conjunction to the best in the industry. Furnishing services were originally launched to assist Axiom Estates home buyers in doing up their apartments. However, over the years, we have extended our services to all home owners, medical institutions and corporates who wish to benefit from our experience and pan-Indian presence.

Our Presence

- Having branches all over India Axiom Interior is possibly one of the largest spread out corporate interior firms which thrives on its pan India presence and coordination between each sector.
- Axiom Interior employees over 50 designers and consultants in freelance and permanent positions.
- The head office is based in Kolkata and acts as a central unit for all systems, processes and executions.

What we do

- Planning and designing the layout of your apartment and offices
- Customizing flooring, ceiling, wall colors, lights and fittings
- Providing furniture of choice – modular or fitted
- Equipping pantries & bathroom with modern fittings
- Procuring and fitting electronic appliances
- Manufacturing and installation

Our Specialty

- Coordination of the whole project and process
- Maximum utilization of available space
- All required facilities like civil, carpentry, plumbing, electrical under one roof
- Customized solutions based on clients requirement & budget
- Pan India presence

	Axiom Interiors	Other Designers
Branding	International brand. Being a reputed company Axiom gives the assurance of best quality work.	individual
Market Positioning	Awareness of market ,projects and their specifications	Individual presence
On job coordination	All required facilities like civil, carpentry, plumbing, electrical under one roof thus facilitating better co-ordination.	<ol style="list-style-type: none"> 1. Individual presence 2. Designers and carpenters need to be constantly chased
Choices	<p>Combination of customized and ready made branded products.</p> <p>Various packages designed to suit individual requirements, gives client an idea of the total cost at onset.</p>	<p>Internally manufactured products only.</p> <p>No such packages, quotes vary and the prices keep going up as work progresses.</p>
Price	Cost effective i.e. dealing in bulk quantity at a time so the prices are lesser.	One project at a time costing is higher. If customized products buying in lesser quantities increase materials cost.
Time	Tenure to complete project is an average of 1 ½ months Since all services are outsourced	Average 3 months

Customer Service	360 degrees services. Sales service axiom is a multinational company and is approachable and available before , during and after completion	Since most designers are individuals an organized after sales service support is not available
Services	All round property advisory services from taking possession of the property on client's behalf, dealing with developer regarding structural changes, designing according to customers requirement furnishing the apartment, and also rent out the same.	Furnishing services only
Deadlines	Meet deadlines in terms of completion of the work. Invoice would include written confirmation of the tenure of work.	Timeline mentioned is not guaranteed
Corporate structure	Processes and systems in place for all situations and flow of work.	No structure and processes in place
Infrastructure	Tie-ups with the leading brands & designers of India . Furniture, civil changes, tiling, flooring, plumbing all interior related services under one roof.	Internal carpenters and workers. Provides only one aspect of the segment
